

Rapid City Chamber of Commerce
Technology Committee – notes from 1-23-08

Completed:

1. Updated the member list. Current members will be sent an email notification of inclusion to the list server for the Technology Committee by Rodd.
2. Contacted KT Connections and DNS alias will be in place very soon to enable list server functionality.

Tasks:

1. Jason will contact Linda for approval to move ahead on the Technology Directory
2. Investment Report (IR):
 - a. Rodd will submit his two articles on virtualization (1 server & 1 desktop)
 - b. Rodd will create a sheet to keep a tally of completed/incoming articles (to be reviewed at each meeting) for the IR
 - c. Commitments for future articles (Web & IR): Jeremy, Scott, Dolan, Al, Phyllis, Linda, Rodd. Please send these articles to Robin at: stambj@msn.com
3. Expo:
 1. Educational classes - general
 - a. Offer a balance of classes with a technical difficulty scale (100, 200, 300, etc...)
 - b. Businesses should offer the classes and may include a sales pitch at the end
 - c. Clearly define the guidelines for the class presentation (to keep businesses on track with 'educational' purpose)
 - d. Need to confirm dates and book room or offer to hold classes at business location
 4. March Educational class
 - a. Presenter: Jeremy Walla
 - b. Topic: Web Surfing Security (Jeremy will submit a bio and topic description to Robin)
 - c. Level: 100 (basic to intermediate?)
 - d. Members are asked to submit additional content to Jeremy regarding the topic
 - e. Need to confirm a date for the class

Misc:

1. Propose committee meets during lunch hour. Rodd will send an email via list server to existing members...we'll wait for feedback.
